Bringing Investment Professionals Together

Jordan Cvetanovski
Chief Investment Officer
Pengana International Equities

Jordan is the Chief Investment Officer and Portfolio Manager of the Pengana International Equities Fund, the Value Growth Trust, Global Equities Trust and the listed investment company Global Value Ltd. He has over 15 years' experience as a portfolio manager and analyst.

Prior to joining Pengana, Jordan was a Partner and Portfolio Manager at Carmignac Gestion in Paris for seven years. At Carmignac he managed three international funds (European and Emerging Markets) and was a member of the International Fund investment team. The Pengana International Equities Fund process is an evolution of the process employed in the funds managed by Jordan at Carmignac.

During his time at Carmignac, the firm grew from €3bn to €55bn, with FUM in European and emerging market funds growing from €50m to over €2bn. The European funds were highly ranked throughout the GFC in 2008 and 2009 and longer term. They received high ratings from research houses (eg. Morningstar) and Jordan attained a AAA and AA rating from Citiwire. Prior to Carmignac, Jordan was a co-fund manager at Robeco (Netherlands), and an international equities analyst at Platinum Asset Management and BT Funds Management.

Jordan holds a Bachelor of Engineering (Hons) and a Bachelor of Economics (Hons) from the Australian National University.
